## We Want to Know Your Story!

by Rev. Judy Hockenberry, Associate Pastor for Pastoral Care

As you have heard recently in church announcements and read in Weekly Highlights, our Session voted to move forward with **HolyCow! Consulting** to help us look at congregational vitality and to help us plan for our future.

The first step of this process is to conduct a Congregational Assessment. This assessment will provide a clear picture of who we are as a faith community and what next steps are most important for our future. The tool we will be using is the **Congregation Assessment Tool (CAT)**. This tool will provide key indicators of our congregational health along with areas of challenge and potential growth. It will help us collect and understand the wide range of views that exist here at First Pres and the possibilities, willingness, capacity and energy for moving our ministry into the decade of the 2020's.

Our window for taking this assessment will be from **January 6 through January 24, 2020**. Your Session will receive a full report on February 10, 2020 and from there we will set a congregational gathering to share the information with all of you.

**This survey will take 30 minutes to complete and there will be approximately 90 questions. It is completely anonymous.** The Session understands this means a real commitment on your part to take the survey. We are encouraging, urging, begging, pleading, and perhaps even

## From the Pastor Crossover

by Rev. Alex Lang, Head of Staff

When I was in high school, I loved having conversations about religion. At one point, I remember the words coming

out of my mouth, "All religions are basically the same." This was an interesting statement for me to make because I actually knew nothing about any religion. This was even true of the Christian faith in which I had been raised. My basis of

understanding the Bible and Christian history was essentially non-existent.

So why did I feel I had the authority to make the proclamation that religions are all the same? Because I had heard adults make that claim and,

being older and ostensibly wiser than myself, I assumed they knew what they were talking about.

My confidence in this maxim quickly disintegrated when I arrived at Rice University and began studying religious history. You can maintain the façade that all religions are

the same when you have a surface level understanding of what a religion purports to believe. However, the moment you start parsing out the details of the various religious traditions, you come to realize that each religion has their own truth claims that conflict with and invalidate the other religious claims.

For example, if the Buddhist belief in reincarnation is accurate, then the Christian

*"Each religion has their own truth claims that conflict with and invalidate the other religious claims."*

providing prizes for you to take this time and answer these questions.

Alex Lang is in his seventh year as our Head of Staff, Judy Hockenberry is bringing her fifth year to a close, and TC Anderson is in his fourth year as our Associate Pastor for Youth. It's the perfect time to take our temperature as a congregation; it's the perfect time to think about what we want the decade of the twenties to look like here at First Pres; it's the perfect time to hear from you.

The survey will be sent to you via web link so you can take it online. If you prefer to take the assessment using a paper copy, there will be paper copies available in the church office and a box where you can place the completed paper copy. Please remember that we want to hear from EACH individual. Even if you only have one e-mail address for all

the members of your household, please be sure that each individual over the age of 16 living in your home has an opportunity to complete the survey. INDIVIDUAL INPUT is the key to gaining insight into overall perceptions and experiences which will lead us to better understand the health of our congregation.

If you have any questions about this process, please contact Judy Hockenberry at [judyhockenberry@firstpresah.org](mailto:judyhockenberry@firstpresah.org). If you simply want to make sure that the office has your most current email address you can give that information to Carol Vega or Mary Fino.

Thank you in advance for taking the time for this assessment. CAT will be our focus as we begin a new year together! 🕊

## Crossover (Continued from page 1)

claim that belief in Jesus leads to salvation is wrong. Vis-versa, if we are right about Jesus, then the Buddhist belief in reincarnation is invalidated. That being said, as I studied the various religious traditions that humans have upheld throughout history, I found that some of the details had elements of crossover. Indeed, this crossover would occur between religions that seemingly had very little in common.

Over the years, I have taken note of these various elements of crossover, particularly when they intersected with the Christian faith. To this end, we are doing a short, five sermon series in January and February called *Crossover*. The idea behind this series is, rather than focus on what makes our particular religious tradition exclusive and unique compared to other religions, we are going to focus on the

places where different religious traditions align in terms of their beliefs.

Each week we will focus on different religious traditions that have points of intersection with Judaism/Christianity. At the beginning of each sermon I will provide a brief outline of a foreign religious tradition and then we will come to see how a particular tenet overlaps and has similar concepts within Christianity.

The point of this series is not to say that all religions are the same, because they're not. Rather, *Crossover* will show how religions share parallel paths of interest with the hopes of achieving similar ends, often by different means. This is a sermon series that will broaden your horizons and help you see your own faith from a new perspective. 🕊

# A Stranger's Story

by Rev. Judy Hockenberry, Associate Pastor for Pastoral Care

About twice a week I am called downstairs by Carol, our administrative assistant at the front desk to talk with someone who has come in seeking some sort of financial assistance. Sometimes I can help them and other times I cannot. Every time I am able to offer assistance it is due to your generosity.

A few weeks ago, Carol told me there was a young man who wanted to speak to a pastor. I went downstairs prepared to offer this stranger a Jewel gift card as I have other times. As he told me his story, my heart was filled with compassion. I tucked my Jewel gift card away because I knew this was a situation that would take more than a gift card.

This young man from Ghana explained to me that he had lost his job a while ago and he had come from the Romeoville area to the northwest suburbs seeking a job. He had found a job and was supposed to start tomorrow (this was a Thursday). But his car had broken down and he had it towed to a Midas. They were telling him he needed a new catalytic converter and the cost would be at minimum \$1300.00 dollars. I explained that there was no way that I could offer that level of assistance. He explained he had been to Journeys and to Northwest Compass but because his license had an address in Romeoville, where he had previously lived and worked, he was not eligible for their programs. He had been living in his car for a while.

After a few calls, I found a mechanic to do the work required at the price of \$800.00 and while that is quite a bit more than the assistance we usually give, I decided to give this young, earnest man a chance. I drove him to his car and we got it to the new mechanic. By now it was 4:00 pm and I was painfully aware that this man had nowhere to go for the night. I found a hotel nearby and made a reservation for the night. He was able to walk to the car repair shop and so I thought my work was finished. I got a call on Friday about noon that the car was repaired.

On Monday, this young man reached out to me again. The car was not repaired, in fact, it was not running at all. Apparently, the engine had “blown” due to the lack of a catalytic converter. The car could not be repaired for under \$2000.00. The young man had spent the weekend at various McDonald’s. He had gone to his first few nights of work finding his way through the Des Plaines bus schedules, but had almost no sleep because you are not allowed to sleep in the libraries or local restaurants.

I booked him a few nights in a Motel 6 and I took him to get his things out of his car. By this time, I determined that he was an honest and hard-working individual. He needed a car and a place to stay and I wasn’t sure how far our church could go financially. My husband and I discussed the situation and decided he could come and live in our home on a temporary basis. In the meantime, I told Alex about him. Alex found a car to replace his other one and I found a donor from our congregation so the car could be purchased.

This young man continues to work his night job at a logistics company in Des Plaines. He spends from 10:00 pm to 6:00 am loading boxes on pallets, wrapping them tightly, and getting them on a semi-trailer to go to their next stop. During the day, he sleeps in our guest room. He also spends time at the library and researching on the computer. He wants to go back to school but right now finances do not allow for that. Ken and I have told him he can stay with us until March and save money so that he might be able to attend computer classes at a community college.

Below you will see a note from this young man thanking you for your generosity. While Alex and I did the leg work, none of this would have been possible without your faithful giving week in and week out as well as your willingness to give above and beyond your regular commitment. The commitment cards you filled out a few weeks ago, the gifts you put in the offering plate every week, are about *saving lives*. You make a difference. Because of you, Alex and I were able to help a young man begin to find his way out of poverty. Even more importantly we gave him hope. Hope that comes wrapped in the love of God. 🙏

From: A Stranger  
To: Church  
Dear Church,  
Greetings in Jesus name! Words cannot express how much I appreciate what you did for me. You provided a roof over my head, fed me, and gave to me a Honda car to drive. That was a huge help and support in my journey. Thank you so much for your benevolent gestures towards a stranger. May the Otweaduapan Onyankapan (almighty God) bless the church and continue to bless this land of the free.

Yours sincerely,  
Eric Kwabena

# Second Annual Martin Luther King, Jr. Day of Service

## Community Food Drive and Lunch

On Monday, January 20, Stone Catchers will host the Second Annual Martin Luther King, Jr. Day of Service Food Drive and Community Lunch. Join Stone Catchers as they address hunger in our community. Flyers will be handed out to neighborhoods surrounding the church prior to January 20 inviting families to leave a bag of food on their porch to be picked up on Martin Luther King, Jr. Day, January 20.

### Retired? Day off Work? No School?

Volunteer on **Monday, January 20**, to canvass the neighborhoods to pick up food donations and bring them back to the church. We need all ages. Meet in Fellowship Hall (enter Door 7) at 10:00 am. We will go out in teams to collect the food. Volunteers are needed to assist with sorting food as it arrives back at First Pres.

We will also be serving lunch for both volunteers and members of the community. A walk-in lunch will be available from **11:30 am – 2:00 pm in Fellowship Hall**. We need volunteers beginning at 10:00 am to help prepare and serve lunch.

If you cannot attend on Monday, January 20, consider bringing a donation of nonperishable food, or a monetary donation to the table in the Narthex from 8:30 am – 12:00 pm on Sunday, January 19.

There are volunteer opportunities for all ages! If you have questions, please contact Michele Holifield at [micheleholifield@firstpresah.org](mailto:micheleholifield@firstpresah.org) or Katy Allen at [katyallen@firstpresah.org](mailto:katyallen@firstpresah.org). 

Two bags of donated food and household goods are set on a neighbors' front porch, for pick-up by our volunteers. They were later delivered to Wheeling Township Food Pantry.

Happy volunteer, Mollie Lumsden, picked up donated bags of food during our first MLK, Jr. Day of Service.

Lunch for both volunteers and members of the community was enjoyed after collection and sorting.

# We are praying for these and many other members in our congregation.

## A Year of Beatitudes

Sunday school has been bustling with Bible lessons and service opportunities since September. Our kindergartners – 5<sup>th</sup> graders began the year learning about Jesus' Sermon on the Mount, and the ways in which Jesus calls us to live. Using the traditional beatitudes as a framework and the Bible as a guide, we updated a few and added a few, and each week explore how the Bible stories relate to our lives and what it means to show Jesus' love to the world.

Blessed are those who are voiceless and forgotten gave us the opportunity to write letters to our Cook County Commissioner, Scott Britton, and encourage fair housing practices throughout the county. Blessed are those who care for the Earth brought the importance (and fun) of reducing and reusing into focus as we learned how to reuse items in our homes instead of throwing them away. Each child also took home a reusable lunch bag to help make a difference in daily school lunches. Blessed are those who are hungry and thirsty corresponded with a field trip to Feed My Starving Children's Hope Filled Holidays MobilePack. Over 60 parents and children from First Pres came together to pack hundreds of meals and spread the love of Jesus throughout the world.

We can't wait to see what 2020 has in store for us!

## Preschoolers are Growing in Grace and Gratitude

Week by week, our 3-and 4-year-olds are becoming more and more familiar with Bible stories and Bible characters. The Green Room is busy each Sunday with activities, games, songs, and circle time, all centered around the Bible story for that week. As our youngest learners experience what it means to be a Child of God and a follower of Jesus, they are building a foundation of faith and service that they will carry with them throughout their lives.

## Hope Filled Holidays at Feed My Starving Children

The Sunday before Thanksgiving found many of our Children's Ministries families donning hair nets, scooping soy and rice, and having a great time at Feed My Starving Children's MobilePack event at the Schaumburg Renaissance Center. It was a great morning of fellowship and serving – an awesome way to kick off the Thanksgiving holiday week.

The ballroom at the Renaissance Center was full of people from all walks of life – from groups like ours to single people to families to work groups, we all had one goal – to fill tummies and hearts around the world. It was a precision operation of stations, bins, scoops, and scales. The energy was high as we broke off into groups to work at each station, scooping protein and vegetables, soy and rice, into MannaPacks that cost the equivalent of \$.25/pack, but mean the world to the children and adults who receive them.

Thank you to all who participated and made this event possible! We can't wait to do it again!

## Jesus is Born!

Candlelight and costumes marked another delightful **Christmas Eve Children's Pageant**. You could see and feel the excitement as preschoolers turned into sheep, as angels and shepherds descended from the gym to the Sanctuary, as the Star Bearer brought forth the star that guided the magi, and as Mary and Joseph came to life and the story of Jesus' birth was retold in its own charming way.

This service of carols and lessons gives parents and children, visitors and friends alike, the opportunity to slow down and watch the story unfold before their very eyes. As the empty stable fills, first with Mary, then Joseph, the sheep and shepherds, the angels, and finally the Magi and their star, hearts soften and eyes mist for the gift that God gave to us 2000+ years ago.

*"To us a child is born, to us a son is given..."*

## Association of Presbyterian Church Educators Annual Conference

The annual conference of the Association of Presbyterian Church Educators (APCE) is being held in Little Rock, Arkansas at the end of January. First Pres will be represented as Pastor Judy, Michele Holifield, and Katy Allen attend this continuing education experience to soak up as much as they can to bring back and impact various ministries in positive ways. APCE is considered one of PC(USA)'s premier conferences that draws attendance from nearly all 50 states, and some international attendees. Each year, workshops, keynotes, worship services and informal gatherings feed the soul and refresh those who attend.

The wide range of workshop topics include ministry to children, youth, and families, ministering to an aging church population, how to make your church facility more accommodating and welcoming to all people, how hospitality can make or break a visitor's experience, and other topics aimed at helping church workers and volunteers make the best of their gifts, talents, and resources.

After attending as workshop presenters last year, we are looking forward to learning and sharing as attendees this year. Thank you for allowing us the time away and resources necessary to attend this excellent conference! We can't wait to share what we learn!

## Jan 7: Jewish Composers Who Didn't Survive the Holocaust

Jewish composers had few opportunities to escape the wrath of Hitler and the Nazis. Many were murdered in the death camps. In this presentation we look at several 'giants' whose genius was snuffed out in the Holocaust. Our focus will feature Terezín, a Nazi Propaganda (Concentration) Camp in Czechoslovakia (the Nazis called it "Hitler gives the Jews a city"), and the composers who tried to make life livable, even to the end.

## Jan 14: The Music of Spain

Crossroad of religions, architecture, and music, Spain is unique among the countries of Europe. Jews, Muslims, and Christians have all contributed to this astounding culture. We'll examine each of the influences while we indulge in the music of the Spanish Renaissance, particular Spanish musical scales, Flamenco, and the rise of the guitar as its major musical instrument.

## Jan 21: Music of the American 'War Between the States', the Civil War

19th century America was a cultural 'backwater' with few orchestras, no professional composers, and no 'classical' musical language. It was a country trying to discover itself. We'll trace folk traditions, the music leading up to the 'Brothers War', the music of slavery, and the hope for the future. 🕒

## Per Capita Apportionment

Each year every Presbyterian church is apportioned a share of the ecclesiastical expenses of the Presbytery, Synod, and General Assembly. These are the activities that make us Presbyterian. This apportionment is based on church membership. In 2020, this apportionment is \$36 per member. Any funds you designate for the apportionment will be used for this purpose and will free up our General Fund dollars to be used in supporting the vision, overall ministry, and missions of our congregation. Please consider contributing your share of the Per Capita Apportionment. An Initial Offering Envelope for this purpose has been included with the 2020 weekly offering envelopes. If you do not receive envelopes, please use one of the Per Capita envelopes from the pew pockets in the Sanctuary or in the Chapel. 📄

## Carillon Dedication

by Adam Hendrickson, Director of Music and Worship

In 1983, the Schulmerich Coronation II Carillon was purchased in memory of First Pres Pastor, Dr. James P. Martin, who passed away suddenly that same year. The Coronation II functioned with minimal fuss until the fall of 2016. Around this time, it was being maintained by George Hellman, an on-site technician for the Schulmerich company. In 2017, Schulmerich was sold to the Verdin company, out of Cincinnati, Ohio. Verdin quickly shuttered the availability of technicians available to repair and service older Schulmerich machines. In other unfortunate news at the time, Mr. Hellman passed away in 2018, the last of his kind in the area to service and repair older, Schulmerich carillons. By the end of 2018, I was finally in touch with sales representatives from Verdin who were eager to show me, and hopefully First Pres, the newest models in their catalogue. Through a series of meetings with myself and WMS, WMS voted to purchase a new carillon in July of 2019. The

Messiah Concert

Schulmerich g5 Electronic Carillon – Classic Plus, Series 2 was purchased using funds from the music endowment and various donors from within the music ministry here at First Pres. It rang its first piece of music, *Highland Cathedral* on bagpipes, at 6:00 pm on Thursday, November 21, 2019, after being installed that very day. Per the incredible wisdom of Rev. Judy Hockenberry, *Of the Father's Love Begotten* was the first Advent piece of music to ring on December 1, 2019, the first day of Advent. By now, you have probably heard the carillon ringing the Westminster chime at the noon hour, signaling the close of the work day at 6:00 pm, Monday through Friday, or preparing hearts and minds for worship before the prelude music begins for the 10:30 am service on Sunday mornings. On **January 12, 2020, we will dedicate the new carillon during our 10:30 worship service.** I hope you will be able to join us for this momentous occasion. 🎵
